MAKE A DIFFERENCE TO MEN'S MENTAL HEALTH

You can really do anything to raise money, we've had lots of people support us in so many ways, even just donating a percentage of their haircut for one day. The money raised helps us to continue as a charity, keep training barbers and hairdressers, ensure we raise awareness through campaigns and pop ups in vital places and essentially save lives. We cannot thank you enough for even taking the time to download this and think about raising money for our cause.

Message from the founder of The Lions Barber Collective

Dearest Funder, Thank you for your efforts and time in raising funds for our mission to create non judgemental, non clinical safe spaces where people feel comfortable to talk about their mental health and be able to signpost them to support and information. Working towards our vision of a world free from suicide!

The funds that you have so kindly raised for The Lions Barber Collective will enable us to continue our work and train hair professionals to be able to **RECOGNISE** the signs, **ASK** the right questions, **LISTEN** with empathy and without judgement and finally **HELP** those in need find the **HELP** they need.

We have, as a charity and individuals saved lives and with you donations we will be able to continue to do so!

Thank you endlessly,

Tom Chapman
